## MANDALE PARK WF10

### THE UNITS

The micro units are split over two levels; the ground floor features an area suitable for a general storage area or ideal for a trade counter reception area. It includes a large electrically operated roller shutter door.

The first-floor incorporates a kitchen and an area suitable for storage and/or office accommodation.

The design includes solar panels, LED fittings, electric panel radiators throughout all of which contribute to an excellent EPC rating and running costs of the property.

### LOCATION

Situated on Whistler Drive, Castleford, WF10 5ZT, the business park abuts the M62 east lane. The access from junction 32 also lends itself to the entrance to the Xscape Village, a well-known attraction full of fun activities such as skiing, shopping, cinema and much more.

There has also been a large increase of new-build homes bringing thousands of families to the area thus making an ideal location for many retail occupiers.

### BUILDING WARRANTY

Each property benefits from a 10-year insurance backed building warranty which covers any major defects that may occur in the property over the warranty period.

### SOLAR

Every unit is fitted with its own dedicated solar panel system ensuring significant cost savings whilst granting you access to renewable energy right at your fingertips.

### THE DEVELOPMENT

Beyond the generous specification of the units, the main business park provides many amenities and facilities for the tenants, features such as 24-hour security, ample free parking spaces, and well-maintained common areas. Our aim is to create an environment where businesses can focus on what they do best in a location they love.

### TERMS

Available by way of a new full repairing and insuring lease with the enclosed cost shown incorporated.

### BUSINESS RATES

Business Rates may be applicable on this property. On occupation it is your responsibility to advise the local Authority Business Rates Team of your tenancy. A landlord has no control over this payment as it is a statutory government requirement.
